## BENEFITS OF THE LENGTH & HOURS OF THE NEW SESSIONS

1. Classes will now have more time to complete activities, discussions, or review material.
2. The new hours provide more options for families to attend a Mass of their choice.
3. The longer class times allow for the possibility of an adult faith component to be possible, since the average adult faith class is 1.5-2 hours in length.
4. The Monday early session allows for younger children to attend LAUNCH.
5. The Monday evening session now aligns exactly with EDGE, so that families with children in both programs save valuable carpool time.
