

Our Approach

A loving environment that promotes growth for each child while sharing, listening and experiencing God's love.

Our Model

Age-appropriate opportunities for spiritual, physical, social, academic and language development.

Our Goals

A warm, caring atmosphere that develops self-esteem and a positive attitude toward learning.

Our Program

We Provide

- A setting that integrates the child's home and school learning experiences in a nurturing and secure framework
- A variety of activities within a routine where cooperative play is encouraged
- An atmosphere where children continue their friendship with God

Art

- A dedicated art teacher works with children to introduce them to classic artists while incorporating different mediums and supplies. Pastel chalks, clay, watercolors, pencils and paints make the works of artists like Monet, Van Gogh and O'Keeffe come alive through the eyes of a preschool artist. Art helps develop fine motor skills and other STEM concepts. Art lessons develop the whole child while nurturing creativity and speech development.

Enrichment

- St. Ann Preschool has two teachers who specialize in the teaching of movement, music, and religion. Enrichment topics are taught at an age appropriate level using monthly themes. This high-energy class is filled with singing, dancing, gross motor skill games, activities and a whole lot of fun!

Spanish

- Students will be introduced to the Spanish language taught by native Spanish speakers. Children will learn through play, songs, stories and interactive activities. Monthly themes will help engage the students.
